Sons have often problems with their fathers. Fathers often **bully their sons**, they abuse them, torture them, attack them (no matter if physically or verbally). After a while the son is old enough to defend himself, the justice system is normally not very interested in this things, but this causes the **sons to become evil**, maybe **learned this behavior from their father**, and are doing the same to younger people because they learned that it is "legitimate" to do this. In some cases then the father would punish the oldest son (son1) even more because he does the same to the younger son (son2), unsure if just reason to **punish a weaker like the chief does** or really wants to protect the youngest. (Bigger Domain Model: Money beats m72 Card, m72 card beats unfortunately m24 card), maybe in conjunction with m06 or m02 card. This behavior (psychology, introjection) then would be the normal case and would feed problems into the whole social systems (also m102 karte) and **finally hits also daughters too**

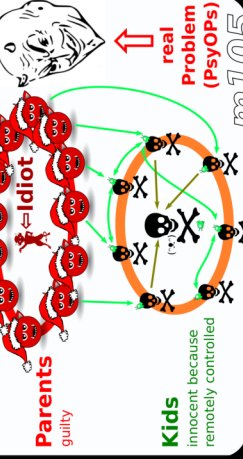

Revenge Porn

Inventor: Satan Year: ~????
I would not do revenge porn, I would just commit suicide, and I guess all true christians would do the same, or if they would have autism they would commit suicide too.
But the relation between the two or three people would just obfuscate that the whole revenge porn story just obfuscates that they try to produce "CAP" "PU" people that run suicide or even amok. So it was a good decision 5 years ago to delete revenge porn. Or would maybe also obfuscate that the father "Capi herFather" of the girl that was betrayed, or that was thinking that she had been betrayed is pedophile "Capi Revengeporn" and just wants to force his daughter to kill the boy that was untrue, or if it would just be photoshopped or deep-faked prove that the boy was untrue.

Death Circle Circle of Live

There are some sort of Death Circles in many subcultures (m37 Card). The circle can be out of individuals or out of companies / juristic persons (Mainframes)
For some kids it is just gamification and fun
Some kids really think it would be good to kill the **whistleblower / whitehat hacker**, because the parents show them the fake image of him cyber-raping innocent women on the "inner eye" (level, TI...) and enable an active denial system (L1, b1, T1) against the kids but in fact he does not cyber rape anybody. Some kids think it's just some lesson for the Hacker for not become Hitler, or to help him not become too powerful, "Scherbengericht" Some kids just play because they fear being under attack too, as long as they are younger than "the one" this is ok. Unfortunately the **PsyOps** kills 1 out of 80 and then d11 card is played against the circle of kids and also against the parents circle to make them do what Satan want them to do.

I have often the situation, that the system begins to match things normally do not match in my worldview / mainframe. For example Apple does normally not match ball (similarity: 0.5) since my brain would match above 0.8. There are times where the parameter is lower, so ball and apple matches though. I guess this is not a cyber attack, they just link small kids that are less differentiated to me. But maybe they were mistreated a while before, so it could be a **pedophile Joseph Mengele that tortures kids and then links them to me**. So I try to be the (German) **Erklärbar**, but if they have sexual questions I always say "This you need to find out and answer with your equal aged people, decide ans select "the one" wisely. And it would be pedophile from me if I would touch this part of your psyche or answer you such things because you are much younger."

debris-x.org: I ended up on this page not because searching for porn (images only 200x100px) I was searching for psychological knowledge to find out what they did to me in childhood. I found that there is a concept called **Sexualitätsdispositiv** (German), "in Foucault's theory of social power, sexuality occupies a central position". Mouse in The Matrix: "to deny our own impulses is to deny the very thing that makes us human. Unfortunately concept also used to force soldiers to kill innocent people. By prohibiting the instinct and promise that they would end this disorder they force them to do things they would otherwise not do. Don't join the dark side, do only consensual things and only with equal aged people! Additional the old people attack the sexual equality of young girls and blame young boys for that and calling them "rapist terrorist". Equal aged friends would attack the boy (m37 Card). The friends maybe not realize that they have tightened themselves in a **virtual chastity belt** by playing m37 card. After 40 years of chastity, **pedophilia is sold as the cure, but it is definitely not for the victims.**

ICD 10 F44.x Dissociation

To set people to freeze mode or maybe even remote control them, "dissociative identity disorder", "identity" would accuse the victim on the psychological layer. After they used it they start electronic psychological warfare to obfuscate that I've possibly just been dissociated. If you search the internet you will often find sources that say, that Dissociative Disorders come from PTSD and from being raped in early childhood, but this would be m04 card to obfuscate **Neuralink Implants** and to defend and hide the **EVENTRIGGER* Neurologists** that implemented them. I used "defend" because it is not clear to me if these people are good or evil. **EVENTRIGGER** Neurology implants: "Capi_sherNo1" *Disso Patientinnen würde mich unter Disso vergehalten (victim blaming)... -> Transitive (math) Concept: The death of the topmost would drive the whole group to commit suicide. Maybe intentionally to defend this such a "Hitler"? **One should not build such systems, this would be some sort of terrorism.**

System / Parents sells things as their idea the kid would do anyway or things the kid invented. Then they want that you say thank you for the immaterial good they stole you. **Mansplaining** is some sort of the same principle, see m81* Cards. If I tell them that they shall not steal my immaterial goods or ideas they begin to intimidate me with "Springsfallen aktivieren" (Mostly the voice of \$herFather). Unsure if I've been stalked by him, just sample from linked on mouse/hand gesture and who activates this.

Marc found strange behavior in the LAN in Altstetten (ABB.1999), he guessed this must be CIA footprinting / enumeration for world domination. They attack the 20 Years old Marc with illegal drugs declared him schizophrenic/discriminate / discredit / isolate / planning / calling him a rapist. They did experiments with hum to force others to commit suicide, but that's not marcs fault)
