Inventor: xxxxx Year: ~????
 If one can prove the crimes of lower ranked person of a bigger system like a military dictatorship they somehow tend to escalate this situation to the next higher instance to get help.

If the higher instance would help them this would rise some questions in case of crimes, additional this is also some sort of chosen plaintext attack that then would lead to more leaks and more details about the higher ranks of that "super duper" System...

 In my opinion after every **Quantuminsets**, **TURBINE**, **TARMOIL** "fishing crusade" the psychological CIA part of this software tries to make the people focus down the hierarchy, eg on the Scapegoat, that was attracted to the cisco computer scolarship in 2002. I guess it are personified preterendered Socio-Psychology design patterns, revictimizing things, even attacks me over spinal-cord implants, tries to drive me to take knife m32,m44, after such a attack, often they pretend accusations and add [virtualreal] jury that judges [him]her. **It's like they would throw a virtual hand grenade down to the younger on a regular basis.** -CIA: See farbrausch fr-036" which one should detect that: +=Eventtrigger: If kid (or 41 years old "kid") cries every 3h it's maybe subject to PsyWarfare...

search detection

<https://0x8.ch/HackersCardgame23> **m125**

Inventor: xxxxx Year: ~????
 They seem to have some sort of function on Stimocelver, Neuralink to detect if you try to find something. That activates an eventtrigger that then samples the person you fear most (\$1940sShrink) say things like:
 - Suchan bis gefunden (.mil Retoirical/Automatism)
 - HAHAAA, I hold it in my hand (+video Sample)
 (additional b1 card is activated with the sample)
 Especially annoying when they do it if you try to find your sex toys... prerequisite maybe m98 card, often plays loop that makes you search always the same places triggers multiple times, co2->a16 in my particular case they seem to have a reish triggering that in private life, maybe they hope, i would not leak it then... as you see, i would "not", and if you talk about that they even begin to render things on your sex toys, that suxx even more

Touring Complete Avatars to spam Justice System

<https://0x8.ch/HackersCardgame23> **m126**

Inventor: xxxxx Year: ~????
 \$1940sShrink uses touring complete avatars from Police Officers, Judges, Victims to spam and obfuscate the investigation against him: "m42". The NSA/CIA "maybe" even infiltrated eg swiss police communication systems like polycorn. All countries should have an eye on such important systems, since they would be main target for NSA/CIA. So definitely a SIGINT/COMINT Problem, so he tries to drive Whistleblowers / Whitehat Hackers / witnesses to things like m32, m44... to distract from COMINT/SIGINT problems. Maybe even a default TURBINE, TARMOIL, Quantuminsets "PsyModule, \$1940sShrink blows things and people up to distract from the main problem (COMINT/SIGINT) we know about thanks to Snowden **Level 2 of this algorithm is that those avatars are being activated only if the Whistleblower, Whitehat, Witness says something. So lets talk as a chosen plaintext attack.** The speech part that imitates voices could be some neuronal network. **tronespotz? youtube data?**

Preparation of Psy-Triggers

<https://0x8.ch/HackersCardgame23> **m127**

Inventor: xxxxx Year: ~????
 The people seem to add psychological bombs to the victims or the whistleblowers. And seem to sell the igniting device or codes to the people that would go to prison because of that leak. So they might be some sort of busines or trading platform. As soon as one would become a whistleblower all the small criminals would see a busines model, and the people in power would of course buy the access codes for this sort of psychological booby traps. What the do to me since at least 2002 is definitely not fair play. Aber das wissen die doofen Weiblein **schon lange:** "Shadows of materia condense". The most powerful Terrorist in Araou seems to buy all the booby traps and ignite them at once, so he definitely wants my death. And all those that provide him with such sort of psychological booby traps would then be part of the terroristnetwork. **Autopotesis would be a problem here!** Maybe it are some alcoholics that hate themselves that have access all(?) to communication systems

harmony detection (between equal aged)

<https://0x8.ch/HackersCardgame23> **m129**

Inventor: xxxxx Year: ~????
 Somehow they can detect when equal aged play harmonic with each other that triggers in my case normally pedophile people that destroys everything or even begin to swear or threaten us.
 - unsure if jealousy
 - drunken sadistic
 - to make kids consume stuff they dont need
 - to make slaves out of the kids with promising to put them back in their group of equal aged
 - ???
 they seem to do this already with small kids (sk1 card) GFY for that!

Porn

<https://0x8.ch/HackersCardgame23> **m12**

Inventor: xxxxx Year: ~????
 Reproduction (therefore sex) was vital for preservation of the species. This early Part of brain has influence to individuals. If your NeoCortex, dont know about Vulnerability they can easily psy-backdoors you, for example sell overpriced cars by simply putting a half naked women on top of car (eg t1 card: "The woman ins inclusive") Limbic system, is responsible for processing emotions & instinctive behavior. **Sexualitatispositiv (Michael Foucault)** Can drive people to do things they would normally not do. A healthy and consensual sexual life is maybe even good for the Endocrine System. **The old people play such cards (and obfuscate with mos?) mainly to obfuscate technology cards, especially if we find prove that would bring the older to jail. Websites like Youporn should only allow kosher (BDSM-porn, one could implement that with initial scene where the slave agrees with that will happen and a scene after the act where she / he says that everything is ok.**

don't lock under this image (in the original svg)

Possibly only kids that are being isolated begin to watch porn and they get punished a young adult because he consumes porn analyze first his childhood.
