Guiltless been thrown out of the University, then they put Marjfr in a Pottery course, which was sold as a "good" lesson to correct his (non-existent) arrogance, de facto it was psychological warfare to break(point) Marc Jr with pointless works: "go, do a bit of crafting you looser" = revictimizing of his childhood. 14 years before Snowden's Leaks Marc already found out about the infiltration of Swiss Company Networks, which then was proven by Snowden in June 2013 irrevocably. TNX Ed. Technically the Network could be secured, but the Network installed also malware and backdoors in the psyche of relevant People like politicians, Shrinkers, Computer Scientists, Science People. To fix that too will cause tears, therefor never forget the a15 Card

Kids unfortunately learn early that they must be the fittest and the first. ("maybe" some parents and technology cards induce that intentionally, see sk1 card)
to avoid that behavior I repeat loud to myself
* first you win
* then you have fame
* then you are getting ignorant and lazy
* then you will have a knife in your back
Don't celebrate wins to much, there are lot young people being abused and blackmailed by older generations. Better invest time to rescue younger victims. unknown: The root of this useless behavior is maybe the school, where different kids battle to answer as first, and then remotely enjoy the fame

Maybe the m41 card is played on both for creating a antagonizing situation (m50 card). If t37 putting all the rapist-pictures where Marjfr was made drunk and then driven to hug random man or women? Pivot Element in fake evidence? The male Rapist Terrorist did not break his promise to be true forever, so if the female rapist terrorist broke the promise, took another married... Kids it would be the duty of the family of the female rapist terrorist to end the Male "Rapist Terrorists" live because the "male rapist terrorist" is isolated, suicidal and will leak everything he finds out about NSA/CIA globality. CIA will pay 10 Billion \$ to SheriffFather and SheriffMother for killing or "suiciding" Marjfr and SheriffFather will be a hero. We suggest that Male and Female Rapist terrorist have their last kiss. So the untrue Rapist terrorist will kill the true Rapist terrorist and it will be on all media to prevent this sort of terrorism in future. After 17 years of Cyber terrorism against marjfr landolt based on what the SheriffFamily, SheriffParentsAddress 6, Araau did in 2002 with him it is ok that

1. they declare you to a Rapist or to a terrorist
2. the say the small wannabe Hitler in your quarters that you raped a girl, even when you have not
3. the wannabe Hitler attacks you physically and calls the police and says them to put you in a mental institution. The offender was a janitor in Rombachhall 13. Beware of him. I will remove this Name when the pictures are back AND he and Livit AG told the Police what they have done to me. Increased the PTBS of the Whitehack Hacker / Whistleblower. Generated reason to put the whitehat into a mental institution or bugging him with m37. Dehumanized, so bad people think it would be legitimate to do human experiments with the victim. Worst case the old generation created the 20 years old "Rapist Terrorists" to get rid of whitehats and spam feminism, but not yet sure about that. It gives the group that judges him a meaning in life, and to defend against that would waste his time -> dtd card unknown: and it would be likely that eg. the father of his girl is (Cyber)Pedophile, so this is maybe a scg card too.

Often the those in power have some sort of spell to virutally dress their victims as offenders.
It happend very often to me, that i've been hurt or almost killed, but in the end the curt ruled against me. And there are also many female rape victims that have observed similar things.
So in our opinion swiss justice system is not just, or never was. Or at least those Judges i had. Mental Institutions in switzerland are also not the best place for Victims.
So if anybody has good ideas to fix this problem please add the ideas to this repo.

As soon as some institution like a curt ruled against a person, a person that is maybe more victim than offender, a lot of people tend to enjoy to punish or even kill such an scapegoat. I said the truth that i was using illegal drugs. The judges maybe took to, but they did not yet confess and use the one that confessed as Scapegoat to cover up their own criminal activities. In Swiss Media you hear sometimes about Cocaine abuse of young soldiers. To confess would maybe help the others to confess too, maybe. But first all those who are guilty will attack the one that confesses to distract from their deeds. Consider also a14 card. It would be very likely that the old powerful white male addicted officers (eg cocaine) would batling some young soldiers to consume too as scapegoats.

EXISTENTIAL ANXIETY

Lot of people live normal lives, living not as a saint but also not a live as satan. They have their routine, their places where they do things like hobbies and where they look TV. But if one finds out, that his company sold a software to a children hospital that would risk lives of kids and then tries to force the chief to fix that chiefs tend to become angry about such an employee. When you are young you are maybe not aware of such problems. A normal reaction of the chief would be to intimidate the employee to stay silent, if you are one of this sort of people that can't silent, it is very likely to end up as a homeless, but maybe you saved many lives of innocent kids. In my case they used it about 6 Months to blackmail me, they said when i would not be silent in my apartment they would have a reason to kick me out, i was silent, noted things in my diary, though my fat

Be careful and stick with equal aged. This image is from ~2014. They can induce such behavior. I guess they are using Cocaine, but the Cocaine is in my opinion just licence-fee for computational timeslots and malware on the Mainframe. Since they just pay, consume and use it against me, they sure are one part of the problem but they are not the intelligent part of the problem. It would be very likely, that good people would develop such malware to prevent those 1960s people from using their real weapons. If they believe that they are powerful and could kill me if they just take enough of their cocaine, they will not run amok against me or other innocent people. The CIA PscoPs induce suicide attempts (eg, with an active denial system) to generate "legitimate" surveillance warrants, but uses then the fact that he has access to the victim to make it more worse. (even if SheriffFather & SheriffMother would want to "help" here they would make it much much more worse, always bann people that make it
