Scapegoat**

SC96

**Inventor: xxxxx**  
 Since at least 1974 Hollywood shows technology enthusiasts as Terrorists, criminals... for example in the Movie "Juggernaut" where the "Hacker" wants to blow up a passenger ship. So this mindset is in the heads of our 1960s Parents, except they are themselves technology enthusiasts. We guess that's one reason, why the older generation sees us 1980s that like technology and also like the "Hands On" from Hacker Etics as Criminals. But in fact they only project their sins upon us. It's populism since a technology enthusiast can maybe destroy the world but also save the world. If a 1950s Parent was 30 years the scapegoat he maybe would agree to give this role to a 1980s person, for not being the scapegoat anymore, but still having higher access codes than the 1980s and possibly much more sins that are being used to make the 1950s attack the 1980s scapegoat.

 Instruments of power tends to be abused. So we can blame the instruments for not getting into trouble with the people that abuse the instrument of power. Justice Systems, Police, Guns, Tanks, things against the sexual integrity of a person, knowledge about crime, BigData, Computer, FinFisher, physical strength, martial arts... are all instruments of power. Like almost everybody I also abused power since everybody seemed to abuse it. Parents are also often a bad example where kids learn to abuse such instruments of power. I was mostly the guy that was victim of such abuse so it was rather easy for me to change the side: I began to confess all my sins, began to excuse and help those that were my victims. Spiritually I feel much better now. But unfortunately there are lots of older people that not yet begun to confess, and they make me a lot of trouble, see m44 card.

**WHISTLEBLOWER  
BLOWJOB**

 The NSA or better the CIA attacks not only the whistleblowers, they also attack their girlfriends, their family (as we seen with Jacob Applebaums mother) and their friends. The word **whistleblower** has an event trigger on it, that pops the word **BLOWJOB**. And blames the whistleblower for watching "BLOWJOB Porn". I personally hate blowjob porn and never click on that crap. They eg. put old people virtually in the bed of the girl of the whistleblower and says the people: "She must Payback his sins" even if he had already paid back and 100'000 views with only likes and no dislikes. Karma is a Bitch (ΣM=0) So it's not the whistleblower that Cyber-Rapes or makes the people Cyber-Rape his girl. It's about control Baby. Friends worst case would play m37 -> dt1 Card Combination

**YOU KILLED!!!  
PSY-BACKDOOR**

**Inventor: ????**

 If you would have something like Neuralink or US4877027 and Windows tells you, click here and an innocent person will die, or mouse gestures "if you draw a V with your mouse" [dx/dt | dy/dt] then a chinese person you not know will die. You maybe would not do this. But if someone adds, "this should technically not be possible", and is illegal, you would need to test that to check that nobody else goes into this trap. Maybe you really killed someone. Since you don't know this person (german: kein Motiv) and Windows was sold as kids-toy not as Weapon you are maybe just the scapegoat. Maybe people killed Muslims on Windows so the "Colateral Murder" Video would revictimize 16Mio People for drawing this damn V on Windows (m50 card). Unknown Genius: and those who have not really killed the victim but feel guilty too would help the real murderer to obfuscate, spam, hide all evidence that could lead to the murderer or its network.

 Im Alter von 15 & 16 Jahren konnten drei Nerds sich ein bisschen Geld verdienen, die Punkte aufschreiben welche Mitsärsche Schützen beim sogenannten "Obligationsrischen Schiessen" in der Schweiz erzielen (ich war bei den Offizieren) Diese drei Jungs waren zwar irgendwie merkwürdig aber in Informatik alle drei hochbegabt. (Pivot Element Pfadt Adler Aarau) Das "Angebot" kam bei mir durch deren Schulen (BEZ Zeitpunt die drei Jungs durch UNBEKANNT gestakt: werden, Wärfen sind ein DamoklesSchwert (Virtual Kill?) Als Honeypot / Eventtrigger wird das Wort Knabenschüssen eingebunden, also der mist ist wohl noch aktiv. Ev. ist dies eine falsche Spur, die Landesvertreter höheren Alters gelegt haben, um davon abzulenken. z.B. 1960er Listen vom NRO/CIA/NSA bekommen haben von 14 jährigen die sich Assembler Bücher gekauft haben, welche dann vom Netzwerk der Amerikaner unter Zuhilfenahme fehlbarer Offiziere der Schweizer Armee proaktiv angegriffen wurden.

**Inventor: ????**

 After dt1 card where I dont know and where I dont have a intentional motive since unknown (scapegoat) they now say "you've drawn V on Windows NT Computer. "That prevented other users from going your path since this I planted booby traps against their sexual integrity. It's now legitimate to do this with you too and go against your sexual integrity" in fact this would be just a habit that was programmed. Technically it would be something like the 1960s movie about mindcontrol and orgasmons that gave incentives if we drawn a V with the mouse, but no orgasm. Saying today that it is legitimate to do that with me too, because I did also would just prevent people to find the person who programmed this habit at ABB Flexible Automation AG in 1999 on a Windows NT computer, so possibly Windows / Hardware Built in and the boy that was not bugged just named as the person who planted the traps, but in fact he is just scapegoat...

**Obeying ORDERS**

dt5

**Inventor: ????**  
**Year: ~???**  
 Soldiers "learn" to obey orders, but calling it learning would often be wrong, they are forced to obey orders. This does not start in the army, it starts already in primary school where kids learn that they must respect the older person that is normally the teacher. Many teachers use dirty shaming tricks in front of the complete class to force students not to do criticism, especially when criticism morally would be the right thing. Also parents that do narcissistic power abuse are not helpful to become a sane adult. We need to teach soldiers that they are allowed to deny orders, for example if the officer commands you to kill innocent child it's not only your right to deny this command, it's your duty! If you deny a command it is likely that you will be punished or shamed.
